SUPPLEMENTARY INFORMATION:

I. Background

The Peer Review Improvement Act of 1982 (Title I, Subtitle C of the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA), Pub. L. 97-248) amended Part B of Title XI of the Social Security Act (the Act) by establishing the Utilization and Quality Control Peer Review Organization (PRO) program. Congress created the PRO program in order to redirect, simplify, and enhance the cost-effectiveness and efficiency of the peer review process.

PROs currently review certain health care services furnished under Title XVIII of the Act (Medicare) and under certain other Federal programs to determine whether those services are reasonable, medically necessary, furnished in the appropriate setting, and are of a quality that meets professionally recognized standards. PRO activities are a part of the Health Care Quality Improvement Program (HCQIP) that supports HCFA's mission of assuring health care security for its eligible beneficiaries. The HCQIP is carried out locally by the PRO in each State. Under the HCQIP, PROs provide information for health care plans, providers, and practitioners to improve the quality of care furnished to Medicare beneficiaries.

In June 1984, HCFA began awarding contracts to PROs. We currently maintain 53 PRO contracts with organizations that provide medical review activities for 49 of the United States, the District of Columbia, Puerto Rico, and the Virgin Islands. The organizations that are eligible to contract as PROs have satisfactorily demonstrated that they are either physician-sponsored or physician-access organizations in accordance with sections 1152 and 1153 of the Act and our regulations at 42 CFR 462.102 and 462.103. A physician-sponsored organization is one that is both composed of a substantial number of the licensed doctors of medicine or osteopathy practicing medicine or surgery in the respective review area

and is representative of the physicians practicing in the review area. A physician-access organization is one that has available to it, by arrangement or otherwise, the services of a sufficient number of licensed doctors of medicine or osteopathy practicing medicine or surgery in the review area to assure adequate peer review of the services furnished by the various medical specialties and subspecialties. In addition, the organization must not be a health care facility, health care facility association, or a health care facility affiliate, and must have a consumer representative on its governing board.

The Omnibus Budget Reconciliation Act of 1987 (Pub. L. 100-203) amended section 1153 of the Act by adding a new subsection (i) that prohibits the Secretary from renewing the contract of any PRO that is not an in-State organization without first publishing in the **Federal Register** a notice announcing when the contract will expire. This notice must be published no later than 6 months before the date of expiration, and must specify the period of time during which an in-State organization may submit a proposal for the contract. If one or more qualified in-State organizations submits a proposal within the specified period of time, HCFA may not automatically renew the contract on a noncompetitive basis but must instead provide for competition for the contract in the same manner used for a new contract. An in-State organization is defined as an organization that has its primary place of business in the State in which review will be conducted or that is owned by a parent corporation, the headquarters of which is located in that State.

There are currently 11 PRO contracts with entities that do not meet the statutory definition of an in-State organization. The areas affected for purposes of this notice are Alaska, Delaware, the District of Columbia, Idaho, Kentucky, Maine, Nebraska, Nevada, South Carolina, Vermont, and Wyoming.

II. Provisions of the Notice

This notice announces the scheduled expiration dates of the current contracts between HCFA and the out-of-State PROs responsible for review in Alaska, Delaware, the District of Columbia, Idaho, Kentucky, Maine, Nebraska, Nevada, South Carolina, Vermont, and Wyoming. Interested in-State organizations may submit statements of interest to be the PRO for the aforementioned States. The statements must be received by HCFA no later than June 2, 1995. In its statement of interest, the organization must furnish materials

that demonstrate that it meets the definition of an in-State organization. Specifically, the organization must have its primary place of business in the State in which review will be conducted or be owned by a parent corporation, the headquarters of which is located in that State. In its statement, each interested organization must further demonstrate that it meets the following requirements:

A. Be Either a Physician-Sponsored or a Physician-Access Organization

1. Physician-Sponsored Organization

i. The organization must be composed of a substantial number of the licensed doctors of medicine and osteopathy practicing medicine or surgery in the review area, and be representative of the physicians practicing in the review area.

ii. The organization must not be a health care facility, health care facility association, or health care facility affiliate.

iii. In order to meet the substantial number requirement of A.1.i., an organization must be composed of at least 10 percent of the licensed doctors of medicine and osteopathy practicing medicine or surgery in the review area. In order to meet the representation requirement of A.1.i., an organization must state and have documentation in its files demonstrating that it is composed of at least 20 percent of the licensed doctors of medicine and osteopathy practicing medicine or surgery in the review area; or, if the organization does not demonstrate that it is composed of at least 20 percent of the licensed doctors of medicine and osteopathy practicing medicine or surgery in the review area, then the organization must demonstrate in its statement of interest, through letters of support from physicians or physician organizations, or through other means, that it is representative of the area physicians.

2. Physician-Access Organization

i. The organization must have available to it, by arrangement or otherwise, the services of a sufficient number of licensed doctors of medicine or osteopathy practicing medicine or surgery in the review area to assure adequate peer review of the services provided by the various medical specialties and subspecialties.

ii. The organization must not be a health care facility, health care facility association, or health care facility affiliate.

iii. An organization meets the requirements of A.2.i. if it demonstrates that it has available to it at least one physician in every generally recognized

specialty; and has an arrangement or arrangements with physicians under which the physicians would conduct review for the organization.

B. Have at Least One Individual Who Is a Representative of Consumers on Its Governing Board

If one or more organizations meet the above requirements in a PRO area, and submit statements of interest in accordance with this notice, HCFA will consider those organizations to be potential sources for the aforementioned contracts upon their expiration. These organizations will be entitled to participate in a full and open competition for the PRO contract to provide medical review services.

III. Information Collection Requirements

This notice contains information collection requirements that have been approved and assigned Control Number OMB 0938-0526 by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). This approval expires on October 31, 1997.

IV. Other

In accordance with the provisions of Executive Order 12866, this regulation was not reviewed by the Office of Management and Budget.

Authority: Section 1153 of the Social Security Act (42 U.S.C. 1320c-2). (Catalog of Federal Domestic Assistance Program No. 93.773, Medicare—Hospital Insurance Program; and No. 93.774, Medicare—Supplementary Medical Insurance Program)

Correction of Meeting Notices

Public notice was given in the **Federal Register** on April 18, 1995, Vol. 60, No. 74, page 19405, that the Substance Abuse and Mental Health Services Administration (SAMHSA) National Advisory Council meeting on May 15, 1995, would be open from 9:00 a.m. to 3:00 p.m. and closed for review of contract proposals from 3:15 p.m. to 6:00 p.m. Due to unforeseen circumstances, the meeting schedule has been revised. The closed session is

now scheduled from 9:00 a.m. to 10:30 a.m., and the open session will be from 10:45 a.m. until adjournment. In addition, a status report from the Council's AIDS workgroup will not be presented at this meeting.

Public notice was also given in the **Federal Register** on April 19, 1995, Vol. 60, No. 75, page 19602, that the Center for Substance Abuse Prevention (CSAP) National Advisory Council would be meeting on May 25 and 26, 1995. However, the meeting will now be held for only one day, May 25.

Dated: April 27, 1995.

Jeri Lipov,

Committee Management Officer, Substance Abuse and Mental Health Services Administration.
